

PROPELLER

FROM THE COMMODORE'S DESK

From the Commodore's Desk.

It's hard to believe that this is the final Propeller for the year, it must be something to do with growing old!

At the last Committee meeting, we reviewed the current situation with our new building proposal and I'm pleased to say that progress is continuing well with a new Quantity Assessors report received subsequent to the refinements to the drawings as suggested by the membership. We will be providing a full report at the Quarterly meeting on 7th December.

Catering has been the primary issue occupying the Committee's time over the last couple of weeks with Brighton Manor advising that they wish to exit their arrangement with the Club.

There are numerous issues to be addressed and we are working through a process to ensure that changes to arrangements are as seamless as possible from a Members perspective. I will keep you all updated as to progress.

With the holiday season almost upon us I know many members will be out and about on the water and I hope to see as many of you as possible around the bay

over the next few weeks. Please let the Club know if you are doing any extended cruising, so we can keep track of your whereabouts.

I wish you all a safe and happy Christmas and look forward to an exciting New Year.

Happy and safe boating to all!

Mark Rindfleish,

Commodore
