CLUB NEWS

YARD DELAYS

Members are reminded to update the office as a matter of urgency, when unexpected delays occur during maintenance work in the yard. It is acknowledged that *'things can go wrong'* and the estimated time out of the yard becomes insufficient to complete the task.

However, as a simple courtesy to the next member *patiently* waiting their turn and to allow them time to reschedule any contractors or leave, you must advise the office as early as possible.

This also allows the Club to be able to communicate effectively with all members on the waiting list and provide better forward planning for those members.

SECURITY

Members are reminded to lock the doors, particularly late in the day & at night after accessing the Club premises. Whilst the Club does engage the services of a security company to do regular patrols, nothing will protect the premises if the doors are left unlocked between each of these patrols. The Club regularly receives security patrol reports advising that the doors have been left either open or unlocked.

PLEASE BE VIGILANT ABOUT SECURITY AROUND THE CLUB, PARTICULARLY AT NIGHT & ON WEEKENDS.
